

**GREENWOOD COMMUNITY CHURCH
UNDER CONSTRUCTION**

Policy for Working in the Homes of Women

It is our desire to assist women that have needs for repairs in their homes. In doing this, we may be entering an environment where emotional wounds exist.

We must be wise in entering these homes and cover each other with prayer, and be vigilant in how our actions and words may be perceived. Our desire is that these women feel loved by our Heavenly Father and that they would seek Him.

We have established the following rules to prevent ourselves and Greenwood Community Church from circumstances or accusations beyond our control:

1. There will NEVER be only one man sent to a woman's home. There must be at least two men present at all times.
2. At no time will a man be alone anywhere with a woman. That includes times such as a shopping run to Home Depot.
3. At no time will we enter a house if an adult other than UC is not present.

By signing below, I state that I understand these rules and agree to abide by them at all times. I also understand immediate dismissal from Under Construction is possible if I do not abide by these rules.
