

OUR VALUES

Word and Spirit

Because life with Jesus is relational, it is also experiential. We need God's Word as our anchor and guide in Truth, and we need the Holy Spirit for intimacy, power, and mission.

God-Centered Worship

We value joyfully reverent worship that exalts and reveals God in Christ and aims to renew and reorder our loves for Him.

Intimate and Contending Prayer

We believe prayer is our first and greatest act of faith. We cherish prayer that cultivates intimacy with God and contends for God's Kingdom on earth.

Intergenerational Community

We value both the wisdom and the energy of multiple generations, and we desire to worship, grow, and serve together as God's family. In God's family, the younger honor the older, and the more mature serve the less mature.

Grace-Empowered Vulnerability

Having been rescued by God's grace, we desire to overcome shame and fear through appropriate vulnerability in our relationships with one another.

Transformation and Healing

Because God has promised to transform us, we desire to see lives made whole into the likeness and love of Jesus.

Generous and Sacrificial Mission

We desire to grow in our generosity towards the Kingdom of God while living missionally to bring God's salvation to a lost and broken world.
