

India Business for Transformation Trip
September 22 - October 1, 2023 or September 22 - October 5, 2023
with Nepal

Matt & Michelle have been working in India for the past 27 years (though seven of those years were spent in Thailand, with Matt making bi-annual trips to India when their kids were in high school. Matt, together with others, helped start several businesses, including a software development business that now employs hundreds of

people. He currently serves as President of an organization that supports Christians in business as they build companies in challenging environments to contribute to the economic, environmental, social and spiritual transformation of the communities they serve.

Because of Matt's background in business, the inability to get long-term visas without a viable identity in the country and the effectiveness of outreach within the workplace in India, led them to get involved in Business for Transformation (B4T) many years ago.

The "official" definitions of B4T are businesses strategically placed in unreached areas which are profitable/scalable and serving the local community in Jesus' name; bringing holistic transformation, and emphasizing evangelism, discipleship and church planting.

Join a team from Greenwood Community Church this September to:

- Have your heart awakened to what God is doing in India.
- If you decide to join us on part 2 of the trip, we will also visit several B4T ventures in Nepal.
- To encourage our global partners, Matt & Michelle.
- To visit their B4T software business and other initiatives in North India, teaching staff members new skills (software development, management, leadership, and interpersonal skills) while sharing what it means to follow Jesus.

- To be inspired about how to live out your faith in your own workplace.
- Estimated cost of trip: Part 1 - \$2,800 - \$3,000. Part 1 + 2 - \$3,500.
- And the privilege of visiting the Taj Mahal on the last day in India.
